Maitake D-fraction is our potent extract of the Japanese mushroom *Grifola frondosa* shown in scientific research to enhance immune function.

Maitake D-fraction is a standardized form of Beta-glucan extracted from Maitake Mushrooms (*Grifola frondosa*), known as an active constituent that provides nutritional support for cellular immune function.

This product also contains Lycopene, Green Tea Extract and Pumpkin Seed dried powder, all known to help maintain healthy prostate.

2. Supplement Brand Name

Maitake Mushroom Extract

Supplement Ingredients

Maitake Mushroom
Polysaccharide
Beta-glucan

Text of Statements of Nutritional Support

Our D-fraction is a potent extract of a protein-based polysaccharide of the Maitake mushroom (*Grifola frondosa*) known as beta 1,6 glucan, 1,3 glucan, shown in scientific research studies to enhance immune function.

Scientific studies have shown that this potent extract enhances immune system function.

Modern science has identified in Maitake a polysaccharide compound; Beta-glucan as an active constituent to stimulate cellular immune activity.

This product provides nutritional support for healthy immune system function.

A polysaccharide compound contained in Maitake, called Beta-glucan, is known to help build up the immune system.

Also, studies indicate that Maitake provides important nutritional support for the healthy functioning of the heart and circulatory systems.

3. Supplement Brand Name

Maitake Products, Inc., Advertisement

Maitake, Prostmate, D-fraction, Mai Green Tea

Text of Statements of Nutritional Support

D-fraction is a standardized extract of active constituent beta 1,6 glucan, 1,3 glucan, which has been shown in scientific studies to enhance immune activity.

Mai Green Tea is excellent as an antioxidant and immune booster.

4. Supplement Brand Name

Maitake Mushroom Extract (alcohol free)

Supplement Ingredients

Maitake Mushroom
Beta-glucan

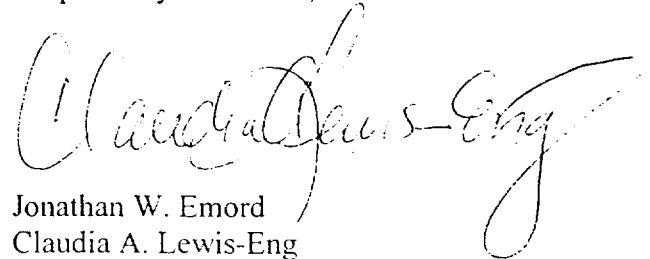

Text of Statements of Nutritional Support

Modern science has found Beta-glucan in Maitake the active ingredient that provides nutritional support for cellular immune function.

This product provides nutritional support for immune system function, and may not be used as an adaptogen.

In accordance with 21 USC 343(r)(6) and 21 CFR § 101.93(c), each of the above statements will be followed by an asterisk that will be cross-referenced to another asterisk on the very same panel or page next to which the following statement will appear in bold (and in a box): "These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease."

Respectfully submitted,

A handwritten signature in cursive script, appearing to read "Jonathan W. Emord".
